## Who we are:

The National Documentation Centre (Εθνικό Κέντρο Τεκμηρίωσης - ΕΚΤ) is a research and development organization serving the public interest. It is strategically linked with the actors of the domestic innovation system and supports:

- the digital transformation
- linking research with production
- the documentation of public policies
- the use of public data

## Who we are

The Innovation & Networking Unit of EKT develops integrated services for the digital transformation and strengthening of the country's innovation system. Its purpose is to contribute to:

- the transfer of technology to Greek companies
- the strengthening of cooperation between the research and production community
- the support of knowledge-intensive Greek companies.

## Our orientation

Our services are targeted at:

- businesses
  - academic institutions
  - research and development organizations
- to help realize the scientific potential of the country.

Main goal: to cover their development needs

Main direction:

- the new data economy
- the digital economy
- the knowledge society

## Networking Services

Support for the development of bilateral partnerships

Support client participation in communities and networks of specialized knowledge

## Advisory Services

Support access to European research and innovation programmes

Technology transfer services

The provision of self-diagnostic tools

## Information and Training Services

Services providing knowledge and information (e.g. webinars, infodays, etc.)

Training Services providing knowledge and information (e.g. seminars)

## Collaborating institutions

# #HorizonEU

It supports businesses, academics and research organizations throughout a project's cycle: from identifying funding opportunities to formulating proposals, implementing projects and exploiting research results.

# #HorizonEU

- Targeted promotion
- Increasing the participation of Greek organizations
- Dissemination of results
- Open access to modern infrastructures

## #HorizonEU

EKT is a National Contact Point in Horizon Europe for the thematic areas of "Health", "Digital technologies, Industry and Space" and the Marie Skłodowska-Curie Actions.

## MSCA-NET self assessment tool

Test your knowledge of the various MSC Actions with this short questionnaire:

<http://forms.asrt.sci.eg/msca2022/Default.aspx>

- Correct answers provided once completed.
- Only takes a few minutes.
- The questions are varied each time the same MSC Action (“topic of interest”) is revisited.

Welcome to the MSCA self-assessment tool! The self-assessment tool is meant to assess your knowledge of the MSCA by quizzing you playfully with randomly selected questions. Every time you play again, you'll be asked new questions. After answering all questions, click the «submit» button to receive your score. Corrections, links to resources, useful tips and hints will be provided once you click the submit button. This will contribute to preparing a competitive proposal. The timer will start when you click the "Next" button. Good luck and have fun!
